CIVIL SERVICE REFORM

Postponed In House Until After Senate Acts On Moore Bill—Bill for Cleaning Street Cars Also Indefinitely Passed—News From General Assembly Now In Session.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Feb. 25.—Managers of telegraph, telephone and railroad companies protested against passage of the Bohm-Archer measure compelling one day's rest a week for workmen, in a public hearing before the senate and house labor committees today. Representatives of labor interests and philanthropic organizations told the committee such legislation is necessary to protect workmen against imposition by employers.

D. L. Gaskill of Greenville, speaking for public utilities, favored exempting public utility companies from operation of the one day's rest a week measure. He asserted the bill as drawn, would compel electric light companies to cease operation from Saturday night to Monday morning. E. Freisley of Cleveland, declared many employees would lose their annual vacations if the law is passed.

Possibility of the senate drainage and irrigation committee reporting out this week the Garver bill to amend the Vonderheide conservancy act, appeared slight today. Senator Garver of Miami, author of the bill, declared the committee would spend most of its time today and tomorrow scanning the measure for possible technical errors, and that definite action probably would not be taken by the committee until next week.

The house civil service committee decided today to postpone action on the Hoy and Barnes civil service reform bills until after the senate has considered the Moore civil service bill, which the senate civil service committee is expected to report out soon.

The house public health committee today decided to recommend for passage the Archer senate bill, forbidding refilling of bottles marked by the owner, by any other person, and voted to recommend indefinite postponement of the Fitzsimmons bill providing that all interurban electric cars must be cleaned by the vacuum process.

Legislative agents for railroads today were canvassing legislators with the purpose of urging favorable action on the Thatcher 2 1/2 cent fare bill, and advising the killing of (Continued on Page 2, Col. 4.)

Rockefeller's Deposition Taken, In His Effort To Avoid Paying Tax In Ohio

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 25.—John D. Rockefeller today testified by deposition at his home at Pocantico Hills in an effort to avoid paying a personal property tax of \$1,150,700 levied upon him by the Cleveland, O., tax authorities. Mr. Rockefeller testified that he was not a resident of the state of Ohio, had not been for the last 15 years and that consequently he could not be taxed in that state.

He was examined by Virgil P. Kline and E. A. Clevering, both of Cleveland, his personal attorneys.

Mr. Rockefeller testified that he moved to New York from Cleveland in 1885 and established his domicile here. He said he was now a citizen of New York and had regularly been assessed by the proper authorities in this state and had paid his taxes regularly in this state. At no time during the past 15 years, Mr. Rockefeller asserted, had he had his place of abode in the state of Ohio. He said he had not voted there during this time.

Mr. Rockefeller was assessed on \$31,000,000 personal estate by the authorities of Cuyahoga county on the grounds that he had spent the greater part of the year ending Feb. 1, 1914, in the state of Ohio and that consequently he had established a legal residence there. The assessment was upheld by the board of complaints and Mr. Rockefeller filed a petition in the federal courts, ask-

COMMITTEE GRANTS NO IMMUNITY

To Officials In Banking Department Suspected Of Irregularities

REFUSES TO ALLOW LATTANNER TO TESTIFY NOW.

SAFE BANKS WERE CLOSED

For Liquidation When There Appeared No Immediate Danger of Failure and the Deposits Were In No Jeopardy—Sensational Testimony Again Adduced.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Feb. 25.—The Winans committee investigating the state banking department under the administration of Emory W. Lattanner as superintendent, decided definitely today at an executive session to refuse to allow Mr. Lattanner to testify, although it was said the way was left open for a similar offer at a later time.

The committee's attitude was decided against granting immunity to any officials suspected of irregularity, members declared after the secret meeting.

Counsel for Mr. Lattanner appeared before the committee yesterday with an offer from the former superintendent to testify concerning the management of the banking department.

Witnesses before the committee today told how Superintendent Lattanner ordered banks closed for liquidation when the banks apparently were not in immediate danger of failure. C. M. Hindman, a bank examiner, testified that when the Security Savings bank of Columbus was closed, "there was no critical condition in the bank's affairs," and "deposits were in no jeopardy."

Benjamin Thomas, president of the defunct Security Savings bank, Columbus, told the committee that on the evening of April 24, 1914, J. A. Holmes appeared at the bank as special representative of the banking department with a letter from Superintendent Lattanner. This demanded that certain securities which the superintendent considered "of doubtful or no value" be replaced by good paper, under threat of closing the bank for liquidation if this were not done.

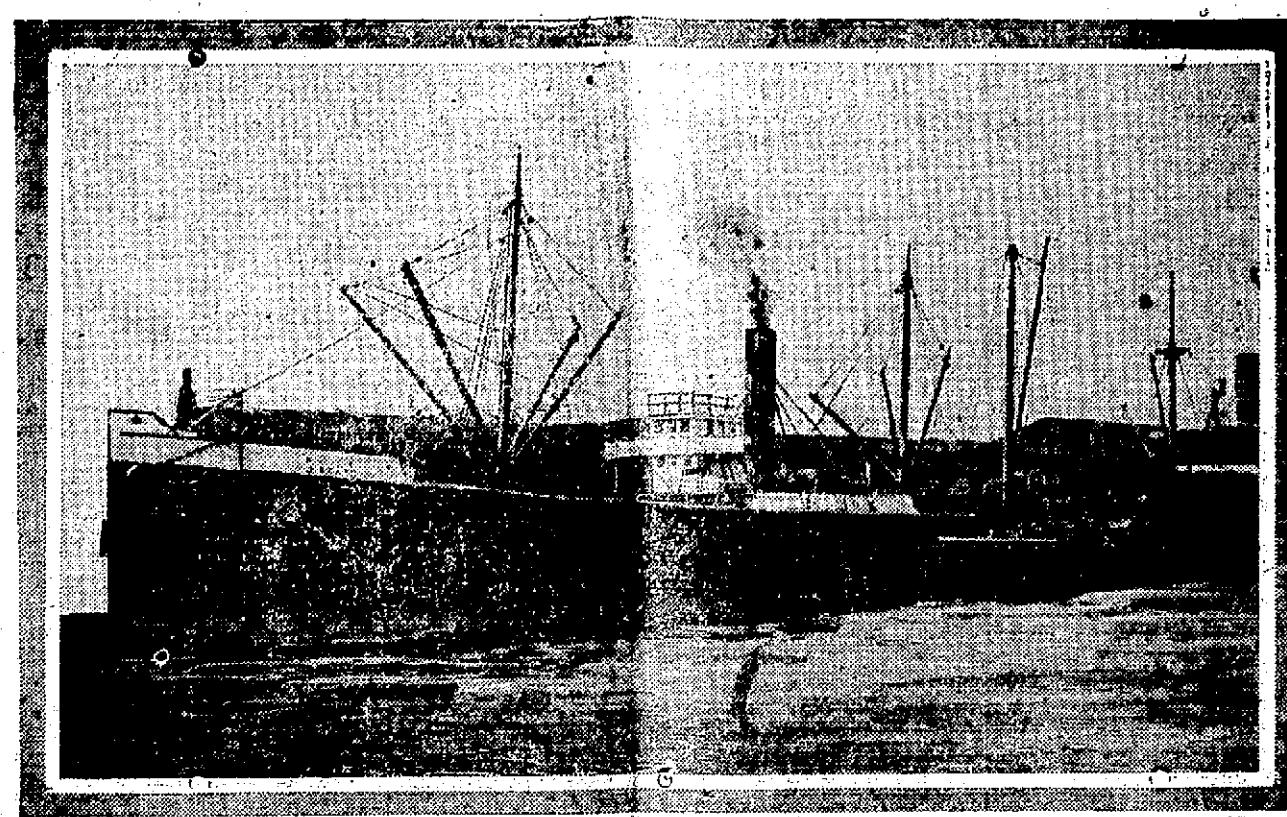

Mr. Thomas told how a few days time to accomplish this was refused and that the bank was closed. While it was being liquidated however, Lattanner granted a sixty day extension on a note of \$2,000 given by a Columbus man. The note was turned over to former Governor James E. Campbell for collection, who then threatened to sue the note-giver before his extension period was up if (Continued on Page 2, Col. 4.)

TO GIVE INDIANS ANOTHER CHANCE FOR SURRENDER

(ASSOCIATED PRESS TELEGRAM)
Denver, Colo., Feb. 25.—No further attempt to effect the capture of Tse-Ne-Cat, the Piute Indian, wanted on a charge of murder, and the members of his band, will be made by United States Marshal Nebecker until government Indian agents, acting upon instructions from Washington, have offered the fugitives another chance to surrender, according to a dispatch from Bluff, Utah.

Scouts are said to have discovered the Indians about 15 miles southwest of Bluff. Another refusal of the Indians to surrender will be followed, it is stated, by a second attempt by Marshal Nebecker's posse to surround and capture them. Instructions received by the Indian agents yesterday from Washington, are said to have urged that every possible effort be made to induce the Piutes to surrender before attempting to take them by force.

American Merchant Ship Blown Up Off German Coast.

This is the Evelyn, the American ship which was sent to the bottom near Borkum Island, just off the German coast.

She had sailed from New York, January 29, with a cargo of cotton from Bremen. The ship was in command of Captain Smith. He and his crew were said to have been saved. The Harriss-Irby company, which had chartered the vessel for the trip to Bremen, said they would not make representations to the national government. They were fully covered by federal insurance. Although the destruction of the vessel does not come within the protest of the United States to Germany against attack by submarines on vessels carrying the American flag—because the best evidence is to the effect that a mine sank the Evelyn—it was considered in Washington that the disaster would not tend to quiet American opinion.

Former President Taft Addresses Educators At Cincinnati Convention

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Feb. 25.—Advocating a plan which would make a national standard of education practical by enlarging the bureau of education into a university, consisting of a corps of experts who would pass upon the efficiency, thoroughness and economy of the various schools system, Professor William H. Taft of Yale, former president of the United States, addressed the department of superintendence of the National Education here today. Mr. Taft said:

"The cause of free public education is more sacred and of more fundamental importance than almost any other before our people. It is one that awakens the profound interest of the people and commands the greatest and most willing self sacrifice by the taxpaying public.

The consequence of this fervor is that our school systems are not as much scrutinized as they should be.

Indeed, it is now difficult for the public of a community to learn the facts as to the thoroughness of the discipline and of the knowledge imparted in their schools or of economy in the expenditure of their funds devoted to education.

Parents are themselves not qualified to pass upon the result of a public school system in a town, county or district in such a way as to make their opinion the best criterion. Hence there is great opportunity for fustian and shoddy in the product concealed under a cloak of a pretentious curriculum and glowing annual reports.

"What we need in the country is an opportunity for standardization and comparison of school systems in the different states and different cities. This, I think, we might have by establishing what Washington recommended—a national university in Washington.

"The bureau of education might well be enlarged into a university which should not be a teaching university but one with a corps of experts who could offer to the people of all the states and the people of all local communities, the opportunity of having their respective school systems examined and reported on as to proper scope, efficiency, thoroughness and economy. The same university should hold periodical examinations in convenient parts of the country which any person might upon payment of a small fee take and

M. P. Shawkey, superintendent of the schools of West Virginia, speaking on the financial support of public schools, urged an endowment fund in the various states similar to those created in some of the western states out of their public land grants.

He recommended that lands delinquent from taxes should not be sold by the state, but held for the purpose of creating a permanent school fund; that the state should retain an interest in its undeveloped resources and especially should it conserve its water power for the purpose of creating a school endowment fund.

Mr. Shawkey recommended that the distributing and using of state school funds be based on school census, number of teachers required, financial needs and special opportunities for service.

M. P. Shawkey, of Charleston, W. Va., was elected president and E. C. Warinner, of Saginaw, Mich., secretary of the Department of Superintendence today.

London, Feb. 25.—Sir Edward Grey, the foreign secretary, announced in the house of commons today that Great Britain was in entire accord with Russia's desire for access to the sea.

"With Russia's desire for access to the sea, England is in entire accord," the foreign secretary said, in response to a question from Frederick W. Jewett, whether England knew of and approved the statement of the Russian foreign minister, M. Sazonoff, that Russia intended permanently to occupy Constantinople.

The foreign secretary responded that he was unaware that M. Sazonoff had made any such statement, but he added, the statement I have seen was that M. Sazonoff had said that the events on the Russo-Turkish frontier

would bring Russia nearer realization of the political economic problem bound up with Russia's access to the sea.

Reward for Crew Which Destroyed German Submarine

(ASSOCIATED PRESS TELEGRAM)
Paris, Feb. 25.—French marine assurance companies have turned over to Minister of Marine Augenon, \$10,000 francs, (\$1,000) to be given to the crew of the ship of the second light squadron, which sunk a German submarine at Boulogne Tuesday. The Marquis of Orano has offered a prize of 5,000 francs for the next Zeppelin brought down in France.

JUNK TRUST

IS THE LATEST TO BECOME SUBJECT OF DEPARTMENT'S INVESTIGATION

Operations of Big Smelting Company Will be Looked Into by Special Agent.

(ASSOCIATED PRESS TELEGRAM)
Los Angeles, Calif., Feb. 25.—Elias M. Blanford, special agent of the department of justice here, has received instructions from the department at Washington to begin an investigation in various cities throughout the country of the so-called "junk trust." The investigation, it is understood, will deal with the operations of the Great Western Smelting and Refining company, a Maine corporation, its allied and subsidiary companies, and with the history of corporations bought by or merged with the Western company. The investigation will seek to find whether these companies are in control of trade in glass, bottle, rubber and similar goods in this country.

The Great Western Smelting and Refining company has branches in Los Angeles, San Francisco, Chicago, Portland, Oregon, Seattle, Wash., and St. Louis. Mr. Blanford will hold hearings in these cities and elsewhere, with a view to recommending whether any action shall be taken by the government.

Peculiar After Effects Of Grip This Year

Leaves Kidneys In Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seems to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being a herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50cts. and \$1.00. For sale at all druggists. Be sure to mention this paper.

Volcanoes in New Zealand.

New Zealand's volcanic phenomena are accounted for in the Maori legends in the following manner: One of the first chiefs to reach New Zealand from the ancient home in Hawaii brought with him a trusted follower, Ngauruhoe, with whom he set out to examine the country. When they reached the highest peak they suffered much from cold, and the chief shouted his followers on a far distant island to send some of the fire which had been brought in canoes from Hawaii. This fire immediately came in a southwest wind, subterraneously bursting forth on the summit where the chief and his follower sat freezing. It arrived in time to save the life of the former, but not that of Ngauruhoe, whose name is commemorated in the highest peak of the Tongariro mountains. Geysers, hot springs and fumaroles mark the course of the subterranean passage. Mount Egmont stands in solitary grandeur because he, as one of the three giants, quarreled with the other two, Tongariro and Ruapehu, and had to fly to the coast to escape their wrath.

ELECTION BOARD GETS RESOLUTION FOR BOND ELECTION

A copy of the resolution adopted by the city council calling a special election to vote on the proposition to issue \$30,000 worth of bonds for the municipal electric light plant, was filed with Clerk Michael Sachs Thursday and a meeting of the board of elections will be called Saturday to take action on the resolution. It is probable that the request for the election will be granted and that the board will take action at once to prepare for the election which will take place March 30, as provided for in the resolution. Mayor Bigbee signed the measure Wednesday afternoon.

America Not So Big.

On the steamer off the west coast of Africa I picked up an acquaintance with an Englishman who had come aboard somewhere along the Gold Coast. After the usual commonplace he drawled, "You are an American?" I admitted the soft impeachment.

"Did you ever meet an Englishman over there named Jessup?" was his next query.

I always take Englishmen seriously, so instead of rolling my eyes and explaining what a large country America is, I told him the truth about all the Jessups I happened to know. There were only two—one was a sted agent in New York city and the other was a Y. M. C. A. secretary in Summit, N. J. "That's the chap," said the Briton, unhesitatingly. "He used to live next door to me in Birmingham."

And he did, you know. And I couldn't keep up my pretense that America was a big country after that—Cleveland Plain Dealer.

GERMANS REPORT 10,000 RUSSIANS MADE PRISONERS

IN THE TAKING BY STORM OF A RUSSIAN TOWN IN POLAND

ENEMY'S EFFORTS UNSUCCESSFUL IN WESTERN ARENA—ROSEATE NEWS FROM BERLIN.

ASSOCIATED PRESS TELEGRAM
Berlin, Feb. 25.—Via London.—The town of Przasnysz, Russian Poland, was yesterday taken by storm by German forces, according to the official announcement given out in Berlin today. The Germans captured 10,000 Russian prisoners.

The report is dated Feb. 25 and reads as follows:

"In the western arena of the war: 'In Champagne the enemy yesterday continued his desperate efforts which, in spite of the strong forces engaged, were again absolutely without success. Otherwise there has been nothing of importance on the western front.'

"In the eastern arena: 'The engagements on the Memel, Bobr and Narew rivers continue. The town of Przasnysz, in Russian Poland, which had been extensively fortified, was stormed yesterday by the East Prussian reserves. After a stubborn fight we were victorious, capturing more than 10,000 prisoners, over 20 cannon, a large number of machine guns, and a very large amount of war material.'

"In other engagements fought north of the river Vistula during the past few days we have taken 5000 Russian prisoners. In Poland, south of the Vistula, the Russians advanced to Mogilow, which is south of Bialystok, and occupied this position. Their forces in this movement outnumbered ours five to one. Otherwise there is nothing of importance to report in this region."

"It is characteristic that the commander of the Fifty-Seventh Russian reserve division, taken prisoner at Augustowo, asked German officers whether it was true that Antwerp was being besieged by the Germans and soon would fall. When the situation on the western front was explained to this Russian officer, he refused to believe that the German western army was on French soil."

Although the capture of Przasnysz has not been reported from Petrograd, recent dispatches from that city stated that heavy fighting was in progress in the region in which the German victory is now claimed in Berlin. Przasnysz is about fifteen miles from the East Prussian frontier, almost due north of Warsaw, and has a population of about 10,000. Following the expulsion of the Russian army from East Prussia, the Germans inaugurated an assault on the fortified line in northern Poland to which the Russians fell back. Of these battles the most violent has been in progress at Przasnysz.

PETROGRAD DENIES GERMAN CLAIMS OF BRILLIANT VICTORIES.

ASSOCIATED PRESS TELEGRAM
Petrograd, via London, Feb. 25.—The Germans appear to have concentrated large forces near Przasnysz, which is now the center of their attack in the region north of the Vistula. The action about Ossowetz which had been the chief point of attack by the Germans, is becoming less intense.

Serious fighting is reported also further to the north at Shtabin and Yastrzembi, points between Grodno and Augustowo, but there is little information concerning the character of these actions.

According to official comment, the Germans have exaggerated the magnitude of their victories along the East Prussian front, and from the Russian viewpoint the fighting in northern Poland "is only now beginning."

The German claim that they have brought to a brilliant finish their winter campaign is characterized here as premature.

The official communication from the German war office today announces the capture of Przasnysz, described in the foregoing dispatch as the center of the German attack.

It may be that the German news is of later date reporting a development in the battle referred to above.

SENSITIVE
(Continued from Page 1.)

in Russian Poland are circumstantial and detailed. The Russian denials while emphatic, are sweeping and general.

It appears from dispatches reaching London that at the present moment, neither the Austrians nor the Germans are making headway anywhere on the line from the Baltic to the Carpathians. British observers are calling attention to the fact that there apparently has been no decisive battle at the northern extremity of the line to prove whether the recent advance will be of lasting value or not.

GERMAN STATESMEN MEET TO DISCUSS AMERICAN NOTES

ASSOCIATED PRESS TELEGRAM
Berlin, Feb. 25.—Nothing has been made known up to the present time of the conference of German statesmen to discuss the American identical notes on marine warfare and the feeling of civilian populations sent by the United States government to both Great Britain and Germany. This meeting was held in the residence of Dr. von Bethmann-Hollweg, the imperial chancellor. Among the statesmen present was Gottlieb von Jagow, the foreign minister.

No further details have been given out in Berlin of the reported sinking of a British transport by a German submarine. It is being explained here that the undersea boat in question sent only a brief wireless announcement that details of the occurrence probably were not known even to her crew because of the limited field of observation of submarine periscopes. Furthermore, the submarine may have had no other opportunity to use its wireless apparatus.

The crew of the American steamer Evelyn, which went down in the North sea as a result of striking a mine, apparently all have reached Bremerhaven, the second boat having been picked up by a German setamer.

NO BARGAINING WILL BE TOLERATED, SAYS LONDON EDITORIAL

ASSOCIATED PRESS TELEGRAM
London, Feb. 25.—"We are obliged to say at once that there can be no bargaining on this subject," says the Westminster Gazette, in referring to the American notes to Great Britain and Germany concerning the situation which has grown out of Germany's naval war zone decree. The editorial continues:

"The pressure of our sea power is a perfectly legitimate operation of war. Germany had full warning from her own economists what must happen if she risked a prolonged war with a superior sea power. By making grain supplies public property and still more by putting her population on rations, she entitles us to treat these supplies as contraband of war. On her own principle of limited consumption, the supplies of the civil population could not be increased in the manner suggested. The results simply would be to leave the government large supplies for military purposes."

"Who can suppose that if the positions were reversed and Germany were the superior sea power she would listen to such a proposition if made by us?"

It may be a German necessity to win the war by starving her population, but it cannot be incumbent on us to facilitate her scheme of conquest by saving her civilian population from liabilities which she deliberately incurred on their behalf."

PROTESTING

(Continued from Page 1.) another measure to regulate coal freight rates which promises to appear soon, backed by miners and coal operators interests.

Specific terms of the coal rate bill, intended to correct alleged discrimination of roads against Ohio-mined coal and in favor of that produced in West Virginia, were made public today. It probably will be introduced in the house by Representative King of Perry, and in the senate by Senator Archer of noble.

Maximum charges allowed for interstate traffic, including switching, assembling and delivery service, are arranged according to haul by zones as follows: 300 miles or more, 85 cents a ton; 225 to 300, 80 cents; 175 to 225, 75 cents; 135 to 175, 70 cents; 100 to 135, 65 cents; 75 to 100, 60 cents; 50 to 75, 50 cents; 35 to 50, 40 cents; 20 to 35, 30 cents; less than 20, 25 cents.

When hauls are over more than one road, they are to establish joint rates. Officials of roads who sanction higher rates than those prescribed in the bill, are made subject to a fine of from \$50 to \$250, or thirty days' imprisonment, or both.

As drawn for introduction, the measure carries an emergency clause.

Members of the Hamilton county delegation agreed shortly before convening of the session today not to introduce today in the house the resolution for adjournment March 19, which Representative Yeaman tried to present yesterday and Tuesday. They will hold the resolution for introduction in the early future, however, it was said.

The Bruck bill, authorizing commissioners of Hamilton county to pay \$22,000 to George O. Deckenbach, former tax inquisitor, was on the calendar for final action today. Most members of the Cincinnati delegation are anxious for its passage.

Obituary

William Stinger.

William Stinger, a former well-known resident of Newark, died at the home of his daughter, Mrs. Frank Pier, in Akron, Tuesday night, at 9 o'clock. The deceased had been in failing health for several months. Mr. Stinger was born in Maryland and was 86 years of age. He is survived by 12 children. The body was taken to Mt. Vernon Thursday, to the home of his daughter, Mrs. R. B. McCrea.

The deceased was the father of J. E. Stinger and Bruce Stinger, former Newark jewelers.

Mary Ann Case.

Mary Ann, daughter of John W. and Esther Williams, was born in the Welsh Hills near Granville, O., May 9, 1843. She was one of 11 children, five of whom are now living.

She became a member of the Welsh Hills Baptist church when quite young. She always lived a life consistent with her profession, ever exemplifying the virtues of a true Christian woman. She always thought of others first, herself last.

She was married to Friend Case, March 22, 1866. To them were born four sons and three daughters, two sons and her husband having preceded her to the world beyond. Those surviving her are Laura and Alice of the home, Guy and Clifford of Case Bros. Candy Kitchen, Granville, O., and Mrs. D. L. Frush, of Newark, O., and three grandchildren.

Her mother, who is 91 years of age and two sisters, Mrs. Asbury Bishop of Newark, Mrs. C. C. Thornton, of Alexandria, three brothers, D. E. Williams of Columbus, O., Hiram and Fred Williams of Welsh Hills, survive her.

Peacefully and without fear she welcomed the hour of her departure. She was loved and honored by all who knew her.

She died Tuesday morning, Feb. 23, 1915, at the age of 71 years, 9 months and 14 days.

William R. Jewell.

William R. Jewell, 76 years old, employee of the B. & O. railroad, since April 1, 1864, died at his home in Lawrence street Wednesday night. His death was due to pneumonia, though grief over the death of his son a few weeks ago is believed to have brought on the attack.

Mr. Jewell was a carpenter and entered the service of the B. & O. railroad in 1864. During his service with the company he was employed in the department of maintenance of way on the Lake Erie and Midland divisions.

He leaves a widow, one sister, Mrs. Edgar of Utica, and one daughter, Mrs. James Markham of Newark.

Funeral services will be held Saturday afternoon at 2 o'clock at his home. Burial in Cedar Hill cemetery.

Ralph McMurry.

Ralph McMurry, formerly of Newark, later of Los Angeles, California, died suddenly from tuberculosis in a hospital in that city, last Monday night. The deceased was twenty-three years old and was born in Conneaut, O. He was an estimable young man, well liked and had a host of friends. He leaves a wife, mother, father and brother. This is the second time the angel of death has visited the family within the last eight months, a sister, Mrs. Blanche McMurry Queen having been called last June.

Louis Kiesewetter and W. C. Willard, Columbus bankers and members of the governing board of the Columbus clearing house, testified that Lattanner refused to allow the clearing house to help the Security Bank and prevent its closing. Mr. Willard said they had made a "gentleman's agreement" with Lattanner that they were to supply the money and that depositors were to be paid without closing the bank. Lattanner later abrogated his agreement, Mr. Willard said.

E. R. Sharp, another Columbus banker, told the committee the banking laws give too much arbitrary power to the superintendent of banks and offered to submit drafts of recommendations for new legislation. He protested that the special fees exacted from state banks for support of the banking department are too high, since an unexpected balance is turned into the general revenue fund annually by the banking department.

Members of the Hamilton county delegation agreed shortly before convening of the session today not to introduce today in the house the resolution for adjournment March 19, which Representative Yeaman tried to present yesterday and Tuesday. They will hold the resolution for introduction in the early future, however, it was said.

The Bruck bill, authorizing commissioners of Hamilton county to pay \$22,000 to George O. Deckenbach, former tax inquisitor, was on the calendar for final action today. Most members of the Cincinnati delegation are anxious for its passage.

NEWARK HEARS BELGIANS' WAIL FOR NEEDED AID

The cry for aid for the suffering Belgians, especially the women and children, has reached the hearts of the world, and a great effort is being made by those charitably inclined to relieve the suffering in the heroic but war-burdened country.

But a short time remains in which donations can be received, March the 5th being the final day on which the headquarters will be open, and from the slowness with which the people of Licking county are responding, it looks as if this will provide for and successful county of L

TWO REGIMENTS BROKE THROUGH ENEMY'S LINES

GERMANS HAD FORMED A RING AROUND PART OF A RUSSIAN DIVISION.

But the Troops Succeeded in Rejoining the Main Army—Petrograd Report.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Feb. 25.—The escape from a ring of German troops of two regiments of the 29th Russian division who were surrounded during the retreat from East Prussia, is recorded in an official communication given out by the general staff last night. It is stated that the Germans are making continuous attacks all along the front from the Bobr district at Jedwabno as far as the Vistula in the region of Bodzamow. Minor successes for the Russians in the Carpathians are claimed as the result of desperate fighting. The communication follows:

"North of Grodno there were actions Tuesday near Jazdrobo and Stabine.

"In the Augustow forest two regiments of the 23rd division, who had been surrounded during the retreat, broke through the enemy's lines and rejoined our forces. Patrols of the army are attempting to cross to the right bank of the Niem.
The battle is extending on the right bank of the Narew, where attacks by the Germans are continuous all along the front from the Bobr district at Jedwabno as far as the Vistula.

"Fighting is becoming very intense in the Przasnysz region. On the left bank of the Vistula we repelled attacks of the enemy at the village of Boguslav, and at points to the west of Upotchno and Lopouschko.
There has been desperate fighting east of Lupkow Pass, in the Carpathians. Our troops have had several successes in the region of Munikato.
At daybreak, Feb. 22, near Zavada, we captured three lines of trenches on a height which is almost a sheer precipice. The Germans defending the height were killed or taken prisoners.

"German attacks were repulsed south of Myto Kozioruka.

"We carried a height south of Dukla after a stubborn fight.
"We checked the offensive of important forces of the enemy on the Dolne and Salitch roads on the right bank of the Rozanka."

REPORT FROM THE CAUCASUS ARMIES.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Feb. 25.—A communication issued last night by the general staff of the army of the Caucasus says:

"We made progress on Feb. 22 in certain regions in engagements of secondary importance against the Turks. In the region of Trans-Tchortuk the Turks attempted an advance movement which was repulsed with heavy losses."

RUSSIAN REVERSES ARE EXPLAINED BY THE GENERAL STAFF.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Feb. 25.—The general staff of the Russian army has issued a statement concerning the recent reverses in Russian Poland and the German claims to a sweeping victory which reads as follows:

"Official announcements given out in Berlin to the effect that the tenth Russian army suffered a severe reverse in its retreat to the rivers Niemen and Bobr, are absolutely not correct. The German declarations that the tenth army has been completely annihilated can be categorically denied.

"As a matter of fact, the component parts of two of our corps, the twentieth and another, finding themselves in an untenable and dangerous situation as we already have announced, withdrew from their positions at Wierballen, Russian Poland with heavy losses.

"To our other corps, these troops, after having foiled an attempt of the enemy to surround them, are holding today the positions allotted to them and for several days past they have been engaging the enemy.

"Along this entire front, our armies are fulfilling successfully the duties assigned them. During the past few days two regiments of the 29th division, belonging to the twentieth corps, advanced from Augustow for rest and rallied our men."

furiously in the Carpathians are described in dispatches to Swiss newspapers. The Austro-German forces are said to have lost 3000 more men at Dukla Pass, while melting snow at Uzsol Pass revealed the bodies of 2000 Austrians and Russians.

The Austrians are reported to have launched a number of little attacks at Dubova, in which they lost heavily. The Russians captured at Grownik, a transport wagon with the regimental safe containing 80,000 crowns (\$20,000). The Russians claim to have captured an advanced post with 600 men at Plasa and are showing great activity at Zakliczyn. The dispatches say that additional Russian columns have burst into Marmaros county in Hungary, bordering on Galicia, Bukowina and Transylvania, capturing convoys.

BREAD PRICE IN NEW YORK CITY WILL BE LOWERED

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 25.—The wholesale price of bread which was recently raised to five cents a loaf, is to be restored to four cents, according to reports published today. The fact that there was much agitation when the cost of bread was raised, followed by investigations into bread industry is one reason given in the report for the plan to restore the old prices. Another reason is that most of the smaller baking companies, instead of following the lead of the big concerns, continued to sell bread at five cents to their retail trade.

The attorney general's inquiry into the increased cost of wheat and bread will be resumed tomorrow.

MAY STOP ADVANCE IN PITTSBURG PRICE.

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, Pa., Feb. 25.—Inquiry into the plans of local bakers to increase the price of bread is being made by the federal department of justice here. The master bakers' association of Western Pennsylvania, at a meeting Saturday, agreed to boost the price one cent a loaf on all sizes retailing under ten cents, but no date for the advance was fixed.

Bowling Tournament.

New York, Feb. 25.—Arrangements to hold the annual championship tournament of the National Bowling association in this city next month were completed yesterday, when contracts were signed for a large bowling hall. The date selected for the start is Saturday March 27, and the competition will continue for three weeks.

FIRST METHODIST REVIVAL SEEKS TO GROW IN INTEREST

The interest in the revival meetings at the First Methodist Episcopal church increases from night to night. The main floor of the great auditorium was filled to its capacity last evening with a good number in the balcony. Another pleasing feature of last evening's service was the visit from the members of the Baptist church who marched in a body, arriving just after the song service began. They were nearly a hundred strong and were led by their pastor, Dr. C. H. Stull.

Dr. Sparks preached a great sermon on "The Conversion or a Thief," using the scene of the Crucifixion of Christ between two thieves as the basis for his thought.

Mrs. Ula Marshall Best added much to the intense thoughtfulness of the congregation by singing two gospel songs, "Lord Is It I?" and "Shall I Empty Handled Go."

To night the sermon will be the third of the series on "Types of Conversion" and will be the "Conversion of a Pharisee." The song service will begin promptly at 7:30. Come early and get a good place.

At the First Methodist Episcopal church on next Sunday Dr. Albert E. Smith, the president of Ohio Northern University at Ada, O., will speak at every service.

He will be in the Sunday school and will speak there to Young People and will deliver the sermon at both morning and evening services of the church.

At 4:30 in the afternoon he will conduct a mass meeting for men only. All of the men of the city and community are invited.

Dr. Smith is a great speaker and a great preacher. He is often likened to William J. Bryan as an orator. He is in great demand as a preacher for special occasions.

IRON TRADE REVIEW

Cleveland, O., Feb. 25.—The Iron Trade Review today says: The tremendous demand for war materials is responsible for the placing of many orders for lathes and other machine tools and manufacturers of this class of machinery in eastern territory, Cincinnati and Pittsburgh are extremely busy. It is understood that Pittsburgh plants have started to work on \$21,000,000 worth of shells for Russia, calling for an expenditure of \$50,000 for machine tools and that an inquiry for 50,000 tons of pressed steel is pending in the Pittsburgh district.

Manufacturers of cast iron pipe in Philadelphia territory have bought large tonnages of pig iron and the market is more active in Cincinnati, Chicago and some other centers. In finished materials the price is being maintained and demand is fair

CHIC HARLEY IS TO APPEAR HERE WITH EAST HIGH

Newark High plays its last scheduled game Friday night with East High of Columbus at Hickory Hall. East High has an especially strong team this year and since the local boys were victorious in the game with East on their own floor, they are hoping to add one more to their string of eight victories for this year. The record of Newark High has been much better this year than that of last year.

The boys will have a chance to see "Chic" Harley the well known all-round athlete. He has been chosen by one of the leading sporting editors for quarterback for the All State 1914 football team if High School players were eligible and is playing a good game at the positions of center and guard. In the game with East at Columbus the local boys were pressed hard and at the end of the second half the score was a tie. The captains decided to play five minutes overtime at the end of which the score was 20 to 17 in Newark's favor.

This will probably be the last opportunity of seeing Dale Warner Herschel Stephan, Clarence Young and Homer Easterday in action as they graduate in the class of 1915. Their names no doubt will appear in the sporting columns as members of some college team.

Orville Rawlings, Fred Jones and Archie Goodwin, all members of the Junior class are left as a nucleus for the team next year, some fine material has been developed in the lower classes in the class games this year which speaks well for the team of 1916.

It is hoped the local boys will make a good showing at the tournament which is to be held at Delaware, Ohio, in the Wesleyan Gym March 5 and 6.

The following is a record of Newark High and it will be noticed they have suffered defeat four times, one of which was the Alumni and two on strange floors.

PROMOTER CURLEY DISCOUNTS RUMOR

(ASSOCIATED PRESS TELEGRAM)

El Paso, Tex., Feb. 25.—Jack Curley, promoter of the Johnson-Willard fight, before his departure today for Havana, was told that Tom Flanagan, Jack Johnson's former trainer, had given out a telegram in which Johnson was reported as saying that the fight would be held in Cuba.

"I don't believe Johnson ever said that," declared Curley. "I am going to Havana to see what's the matter, that's all. There is absolutely nothing definite yet. It is true it has been suggested holding the fight in Havana, but nothing has been settled as far as I am concerned."

WILL TRANSFER KANSAS CITY TO EASTERN LEAGUE

(ASSOCIATED PRESS TELEGRAM)

New York, Feb. 25.—Official announcement that the Kansas City team of the Federal league will be transferred to Newark, N. J., is made today by P. T. Powers and Harry F. Sinclair, who recently purchased the franchise.

Newark was selected as the home of the club in preference to the Bronx section of New York and for the time at least, sets at rest all talk of the Federals invading the New York territory of the National and American leagues.

The ground floor of the building will be devoted to store rooms and all have been rented with the exception of a small room fronting on Fourth street, which has not been rented but for which there have been a number of applications.

The Postal Printing company has taken a room fronting on Fourth street, and then the next room is still vacant. The Conrad Grocery company will move about the first of the month from the present location in North Third street, to the two large rooms in the Masonic Temple fronting on Church street. The grocery will present a most pleasing appearance the entire exterior being done in white enamel, the walls and woodwork all being in white. The other room on Church street is already occupied by Charles U. Stevens and son, who are the agents for the Red automobile.

The new furniture for the lodge rooms is arriving, all will soon be moved but it is not known how soon the lodge will formerly take over the building.

Do It Now.

Better begin that improvement you have been thinking about. Better start it yourself before things get the start of you. It will cost less today than six months hence.

This country slows down a bit now and then but the United States never stops growing and it will always move up and not down.

Get busy. Get out and sell some goods. Plant more acres in grain. Raise more hens and hogs. Do something. Hire somebody. Don't ask if that pitcher yonder contains any milk but say, "Pass the Cream!" Be an optimist. Be cheerful. Good cheer's contagious. So is gloom.

If you want prosperity do your share to bring it and do it NOW. Nothing is the matter with the man with a grouch except an absent heart and missing nerve. Cheer up and quit talking misery. Go to work, do your level best. The war is all over yonder, not here. Men are being slaughtered in Europe not here. Men are dying here. It's cloudy on the other side of the Atlantic but clear over here.

Results are not produced by hoping. Results come from effort—constant intelligent, persistent effort. Cheer up the worst is not yet to come as some would have you think.

Spectacular Crime.

The death in Missouri of Frank James, who though never convicted of crime was reputed to be a member of the famous James gang of outlaws, who were charged years ago with so many desperate acts, raises the question whether the big bank and train robberies of 30 years ago are as common today.

As a whole crime seems decidedly on the increase. But the big crime acts of a generation ago, which so fired the imagination of the outlaw class, may be too daring for the modern sneak burglar and foot pad.

Bank robbery can not be as profitable as it used to be. Electric and steel protection has made large banks impregnable. Here and there a small country bank might be ripped open. But the returns would not be sufficient for the risk.

A highly explosive state of society pervaded many sections at the time the James gang was active. Gun toting was general. The guns were not carried for ornament, but for real use. Celery in pulling them and accuracy in using them was an essential element in a gentleman's education.

These conditions developed very daring and resolute men quick in decision and rapid in execution. A train robbery was no carefully planned stroke of business, but a sudden lawless impulse. The life of the plains of 30 to 40 years ago developed many a character perfectly capable of these acts at any time he felt the need of cash.

Train robbery probably does not seem attractive to the sneak criminal of today. He probably is looking for what seems more like a sure thing. Sleeping people in their beds, unarmed pedestrians in dark corners, or great cities, houses left alone and

around the British Islands. It had been held up by British vessels and it was permitted to proceed because its cargo was not contraband. Destroyed near its destination, it must be that its skipper refused or neglected to avail himself of the services of pilots.

Probably it was a German mine that sent the Evelyn to the bottom, but accepting our humor from the German Admiralty, it was one of those unintelligent and undiscriminating mines which could not see that the damage done was to be as costly to the Germans as to anybody else. We may be sure that so long as Germany's supply of cotton is dependent upon the United States and neutral ships, the Kaiser's forces will not sink such cargoes by design.

The episode is of interest principally as showing the ruthlessness of modern warfare, which, in the hope of striking an enemy, endangers trials and sacrifices self-interest as well.

How Judges Were Made.

(New York World.)

In 1904 Alston Gordon Dayton, then a Representative in Congress from West Virginia, remarked casually one day that he was weary of political life and would like to be a Judge. According to his testimony, President Roosevelt, who happened to hear him, replied: "What, old man! do you mean to tell me you want a place on the bench? It will afford me great pleasure to appoint you as soon as the opportunity presents."

The opportunity came one year later when John J. Jackson, United States Judge for the Northern District of West Virginia, resigned under fire. In the proceedings looking to the impeachment of Judge Dayton, now in progress, it is asserted that Judge Jackson's retirement just in time to make a place for Mr. Dayton, whose Congressional term expired in 1905, was almost miraculously brought about by pressure exerted by Mr. Dayton himself, as a Congressman who knew something about Judge Jackson.

This is neither here nor there. The World is no accuser of Judge Jackson. When he quit the bench he probably knew what he was doing. What excites our admiration is the manner in which Mr. Dayton, now Judge Dayton, found an opening for his judicial talents as soon as his eccentric friend Mr. Roosevelt promised to take care of him in that capacity.

The Score We'll Pay.

(Columbus Dispatch.)

Former Mayor McClellan, of New York, in Scribner's, writes interestingly of the attitude Americans should take in the war. Despite all pleas, he declares nine out of ten Americans have a decided prejudice against one side or another, which he says is eventually going to do us more harm than we have any realization of at the present time.

He asserts that Russia is not friendly to us because of our interference in its troubles with Japan; that Japan, with its 300 people to a square mile, is not going to be satisfied until it has it out with us, comparing that nation with a youthful prize fighter who has won an important match and bares his arm to fight all comers. Germany, he tells us to beware of, principally because of its ambitions in South America.

Whether our sympathies are for or against the allies, he advises us to keep it to ourselves, the score we will have to pay at the final reckoning being far too great for us to take sides now.

Experience has also demonstrated that most of the maxims are untrue.

Spirit of the Press

Abolish the Coroner's Office.

"The office of coroner is hereby abolished," is the first sentence in an act prepared for introduction in the Ohio legislature. "An expensive futile" the civic league of Cleveland calls the office. The office ought to be abolished. It has been ripe for abolition for years.—Cleveland Plain Dealer.

Suspicious Story.

Speaking of hard times and hard luck, an Allentown grave digger committed suicide because, as he previously explained, the people of the community were so healthy that he had nothing to do. But maybe the tale is only an attempt to boom Allentown as a health resort.—Pittsburgh Chronicle Telegraph.

American Registry.

Up to Feb. 19, 129 vessels with a gross tonnage of 463,509 have come under American registry under the act of Aug. 18 last. That is a gain to the American merchant marine on which the country may congratulate itself; and best of all, the additions represent only the beginning.—New York World.

What is Truth?

England is said to regard the beginning of the submarine blockade as an indication that Germany is on the verge of defeat. Germany is certain the allies are on their last legs. An eminent neutral assures the London Times conditions are normal in Germany and it can hold out indefinitely. An equally eminent traveler reaches Copenhagen with the news that Germany must win by spring or starve. The question what is truth has been pending several hundred years, and still remains unanswered.—Kansas City Star.

No Need to Revise Tariff.

The prediction is heard quite frequently in the piece goods market that when the war in Europe is over there will be no trouble here as far as competition under the present tariff is concerned. From reports that reach here from England it is made perfectly clear that manufacturing costs in that country are rising. What these increases will amount to it would take a very far-seeing person, indeed, to determine. Factors in the market who are posted on conditions abroad, however, do not hesitate to say that, to foot the tremendous war taxes being incurred by the conflict, wages will have to be sharply advanced. When the reconstruction period starts in Europe after the war there should be a very great demand for labor, which is taken as another ground for believing that manufacturing costs will be added to considerably.—New York Times.

Clearings Show Business Revival.

The bank clearings for the third week in February indicate clearly that the good ship American Business has "found herself" and that continued energy on the part of her officers and crew will send her straight to the port of Established Prosperity. For the first time since the European war began this index of industrial and commercial activity shows larger for the same week a year ago.—Columbus Dispatch.

Responsibility for the Evelyn's loss is now divided between an English officer and a German mine.—Philadelphia Record.

Love is something that will make a girl give up a \$40 position for a four-dollar man.

Even the suffragettes draw the line at standing on their rights in a crowded car.

The highest compliment a wife can pay a husband is to be as good looking ten years later as she was when she was married.

It would help some if women would love, honor and obey their husbands the way they love, honor and obey the styles.

The law regards father as the head of the family. But what does mother care about the law?

After a girl has been engaged to a fellow about three years the neighbor women sniff when they see her and say, "If that fellow means business why doesn't he do something?"

In some homes father never sees a table napkin unless mother happens to have company to dinner.

There wouldn't be much noise in the world if men talked as seldom as they pray.

Some men start in to follow a profession and never catch up.

They have everything else in the line of acrobats in the new tango dances, but how does it happen that they have forgotten the fall away slide?

When you start in to boost a man the other fellows yawn and beat it. But when you start to knock a man the crowd can't hear enough of it.

BAD COLD? FEEL HEADACHY, DULL AND STOPPED UP

Don't stay stuffed-up! Quite blowing and sniffling! A dose of "Pape's cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge of mucus; running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known. It costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Society

A surprise party was given Wednesday evening at the home of Mrs. Anna Bowman, 20 Wilson street, in honor of her little niece, Ruth Corder, it being Ruth's eighth birthday anniversary. About 7:30 o'clock a number of little girls, all schoolmates of Ruth, gathered to enjoy the evening. The time was spent in playing games, singing, etc., after which all were seated around the table and served to a fine lunch of ice cream, cake, fruits, etc. About 10 o'clock the little girls all adjourned, after having spent the evening in a joyful manner, and wishing Ruth many more such happy birthday anniversaries.

On Tuesday evening Miss Florence Bowman was the charming hostess to a merry party consisting of Luther Leaguers, members of the Christomathian Bible class and many friends at her home in North Sixth street. The Christomathian class presented Miss Bowman with a beautiful water set in remembrance of her faithful work in that organization. The evening was spent in music and guessing contests, the prize being awarded to Miss Bess Taafel. The event was carried out in the nature of a Washington party and at a late hour dainty refreshments were served.

Those present were: Misses Elizabeth Schick, Helen Wintermantle, Mary Orr, Georgia Arbaugh, Mildred Meredith, Ruth Braden, Larie Swartz, Veda Barrett, Florence Hazlett, Katherine Forey, Mary Englander, Laura Shees, Inez Stasel, Eleanor Stasel, Hattie Hagerstrand, Edna Wagenheim, Edna Wagenheim, Miss Levitt, Mary Swingle, Florence Frank, Miss Pigg, Miss Hawke, Bertha Hopp, Mary Mikesell, Bess Taafel, Sue Taafel, Margaret Arbaugh, Lena Bowman, Miss Bland, Mrs. James Brown, Mrs. Tyner, Mrs. Fundenberg, Mrs. Charles Kinney, Messrs. Walter Braden, Frank Schick, Frank Taafel, Miller Taafel, Howard Gaub, Frank Wolverton, Emery Vance, Robert Swingle and Charles Reck.

A number of friends and neighbors of Mr. and Mrs. B. F. Preston of Buckingham street, planned a pleasant and successful surprise for Mrs. Preston, Tuesday evening, it being her birthday anniversary. About 7:30 o'clock, a goodly number walked in unexpectedly and extended hearty greetings for the day so eventful in every one's life. It was an evening of music vocal and instrumental, and a delicious lunch was served.

Those present were: Mr. and Mrs. William Beabout, Mr. and Mrs. D. E.

DeClara Marshmallows are always fresh at G. A. Baughman and J. Georgeff. The attractive sealed sealed package keeps them so. At thirty-five cents and twenty-five cents the package. Get some DeClara Marshmallows today and you'll come back for more.

DeClara Marshmallows make captives of all candy lovers. They're so fluffy and sweet and creamy they just melt in your mouth. You can't eat enough of them, you can't eat too much of them.

Hankinson, Mr. and Mrs. Fourth Inslee, Mr. and Mrs. Harry Inscho, Mr. and Mrs. Tom Preston, Mr. and Mrs. A. B. Painter, Mrs. Wm. Hickey, Mrs. Emmett Neely, Mrs. Lydia Preston, Paul Wayne and Fred Preston, Wm. Hickey, Jr., Donovan Neely, Faye Neely, Ethel Inscho, Helen Carlile and Mrs. Hendricks.

Wm. Beabout with his mind reading, and Harry Inch with his slight of hand performance made the evening entertainment complete. B. F. Preston took all back to boyhood days with "ya old tyme" songs. Mrs. Preston received several gifts to remind her of the day.

Miss Lathrop has been compelled to postpone her dancing classes on account of her illness at her home in Columbus. She will resume them however in a few weeks.

DOUBLE WEDDING.
Appointments in pink and white adorned the home of Mr. and Mrs. J. R. Ellis, 109 Pataskala street, on Wednesday evening, when their two granddaughters were married. Miss Mary Anna Ellis became the bride of Mr. Theophil Schleifer of this city, and Miss Bertha May Ellis was united in marriage to Mr. Ralph Walter Smoot of Granville.

The hour for the double wedding was at 8 o'clock, and the wedding march was played by Mrs. Frank Ashman of Coshocton. The bridal party was preceded by two flower girls, Lucille Ashman of Coshocton, and Angelina Glenn of Wilmington, O., who were clad in frocks of pink silk and each carried a tiny ring which was buried in a ring. Both brides wore gowns of white satin with over drapes of silk net, while the gown of Miss Bertha Ellis was trimmed with filet lace, the bridal robe of Miss Marx Ellis was adorned with Rose Point lace. Both wore the full length veil, and carried bridal bouquets of pink roses and valley lilies.

The wedding took place in the living room, where a large bay window, filled with palms and ferns, formed an improvised altar, and the floor was strewn with rose petals and ferns. Rev. Don Tullis, pastor of the Second Presbyterian church, read the double service.

Following the wedding dinner, was served, the appointments in the dining room being in pink and white. The bridal table seated 16 and was centered with a miniature bride and groom, while clusters of pink and white roses were used and a canopy of smilax was placed over the table and festoons extended to the corners. Candles canopied with pink and silver shades were used at each place, and hand-painted place cards in the chosen colors seated the guests.

Throughout the rooms, baskets of pink tulips and narcissus tied with pink tulip were used and all the lights were shaded with pink. About seventy-five guests were present.

Mr. and Mrs. Smoot left for Granville, where they will make their home, the bridegroom being a stock buyer. Mrs. Smoot's suit was of grey. Mr. and Mrs. Schleifer left for a trip to Cleveland, the bride's traveling suit being of the new shade of sand. They will make their home at 109 Pataskala street the groom being employed with the C. W. Miller company.

The following were the guests from out of the city: Mr. and Mrs. G. Apperman and Mr. Herman Apperman of Pittsburgh, Mrs. Alva Ellis of Columbus, Mrs. M. J. Glenn of Wilmington, Harry Palmer of South Bend, Ind., and Mr. and Mrs. J. Friel of Mt. Vernon.

NEW DEPARTMENT AT MAZEY STORE IS OPENED TODAY

The W. H. Mazeys' company held a formal opening on Thursday afternoon of the new department which includes the sales room of the suit and cloak department.

The company recently leased the room formerly occupied by the Sachs tailoring company, and it has been connected by the means of a corridor with the main store. The room is handsomely equipped with mahogany cases, for the suits and coats and the floor is carpeted in green. The whole presented a pretty scene on Thursday afternoon, with baskets of flowers arranged in every available space and the Reynolds orchestra furnished a program during the afternoon.

The entire interior of the store has been rearranged and a much larger stock will be possible.

AN ODD FASHION FANCY.

By some odd fancy of fashion it is not considered smart taste to have any of the sash ribbon repeated on the neck or sleeves. The idea seems to be that there can be too much of a good thing, even when the latter is exquisite in fabric and design. Moreover, the one spot or splash of color on a dress of monotone fabric is apt to be spoiled by the attempt to introduce it on other parts of the gown, as additional colors distract the eye.

FADS AND FANCIES.

The newest type of belt buckle is in the form of a sash fastener. It comes in the guise of a brooch, exaggerated in size but of fairy lightness. The ribbon of the latest girdle is first held in place by this pin, and then the ends are drawn through the ornamental part of the brooch, which is shaped like a buckle. Hollow ovals, squares and outlined oblongs again show the popularity of the symmetrical forms.

Do It Now.

Better begin that improvement you have been thinking about. Better start it yourself before things get the start of you. It will cost less today than six months hence.

This country slows down a bit now and then but the United States never stops growing and it will always move up and not down.

Get busy. Get out and sell some goods. Plant more acres in grain. Raise more hens and hogs. Do something. Hire somebody. Don't ask if that pitcher yonder contains any milk but say, "Pass the Cream!" Be an optimist. Be cheerful. Good cheer is contagious. So is gloom.

If you want prosperity do your share to bring it and do it NOW. Nothing is the matter with the man with a grinch except an absent heart and missing nerve. Cheer up and quit talking misery. Go to work, do your level best. The war is all over yonder, not here. Men are being slaughtered in Europe not here. Men are living here. It's cloudy on the other side of the Atlantic but clear over here.

Results are not produced by hoping. Results come from effort—constant intelligent, persistent effort. Cheer up the worst is not yet to come as some would have you think.

Spectacular Crime.

The death in Missouri of Frank James, who though never convicted of crime was reputed to be a member of the famous James gang of outlaws, who were charged years ago with so many desperate acts, raises the question whether the big bank and train robberies of 30 years ago are as common today.

As a whole crime seems decidedly on the increase. But the big crime acts of a generation ago, which so fired the imagination of the outlaw class, may be too daring for the modern sneak burglar and foot pad.

Bank robbery can not be as profitable as it used to be. Electric and steel protection has made large banks impregnable. Here and there small country bank might be ripped open. But the returns would not be sufficient for the risk.

A highly explosive state of society pervaded many sections at the time the James gang was active. Gun toting was general. The guns were not carried for ornament, but for real use. Celery in pulling them and accuracy in using them was an essential element in a gentleman's education.

These conditions developed very daring and resolute men, quick in decision and rapid in execution. A train robbery was no carefully planned stroke of business, but a sudden lawless impulse. The life of the plains of 30 to 40 years ago developed many a character perfectly capable of these acts at any time he felt the need of cash.

Train robbery probably does not seem attractive to the sneak criminal of today. He probably is looking for what seems more like a sure thing. Sleeping people in their beds, unarmed pedestrians in dark corners, of great cities, houses left alone and

ASTRONOMICAL EVENTS.

Evening stars: Mars, Saturn. Morning stars: Jupiter, Venus, Mercury. Procyon and Sirius of the Little Dog and Big Dog, almost in line south-southwest at 9 p.m.

(New York World.) The trouble with the American steamship Evelyn, with a cargo of cotton from New York for Bremen, and sunk in German waters, appears to have been that it took all the risks of war and ignored all the safeguards. It encountered a mine far removed from the war zone which Germany has established

around the British Islands. It had been held up by British vessels and it was permitted to proceed because its cargo was not contraband. Destroyed near its destination, it must be that its skipper refused or neglected to avail himself of the services of pilots.

Probably it was a German mine that sent the Evelyn to the bottom, but accepting our humor from the German Admiralty, it was one of those unintelligent and undiscriminating mines which could not see that the damage done was to be as costly to the Germans as to anybody else. We may be sure that so long as Germany's supply of cotton is dependent upon the United States and neutral ships, the Kaiser's forces will not sink such cargoes by design.

The episode is of interest principally as showing the ruthlessness of modern warfare, which, in the hope of striking an enemy, endangers neutrals and sacrifices self-interest as well.

How Judges Were Made.

(New York World.)

In 1904 Alston Gordon Dayton, then a Representative in Congress from West Virginia, remarked casually one day that he was weary of political life and would like to be a Judge. According to his testimony, President Roosevelt, who happened to hear him, replied: "What, old man! do you mean to tell me you want a place on the bench? It will afford me great pleasure to appoint you as soon as the opportunity presents."

The opportunity came one year later when John J. Jackson, United States Judge for the Northern District of West Virginia, resigned under fire. In the proceedings looking to the impeachment of Judge Dayton, now in progress, it is asserted that Judge Jackson's retirement just in time to make a place for Mr. Dayton, whose Congressional term expired in 1905, was almost miraculously brought about by pressure exerted by Mr. Dayton himself, as a Congressman who knew something about Judge Jackson.

This is neither here nor there. The World is no accuser of Judge Jackson. When he quit the bench he probably knew what he was doing. What excites our admiration is the manner in which Mr. Dayton, now Judge Dayton, found an opening for his judicial talents as soon as his eccentric friend Mr. Roosevelt promised to take care of him in that capacity.

The Score We'll Pay.

(Columbus Dispatch.)

Former Mayor McClellan, of New York, in Scribner's, writes interestingly of the attitude Americans should take in the war. Despite all pleas, he declares nine out of ten Americans have a decided prejudice against one side or another, which he says is eventually going to do us more harm than we have any realization of at the present time.

He asserts that Russia is not friendly to us because of our interference in its troubles with Japan; that Japan, with its 300 people to a square mile, is not going to be satisfied until it has it out with us, comparing that nation with a youthful prize fighter who has won an important match and bares his arm to fight all comers. Germany, he tells us to beware of, principally because of its ambitions in South America.

Whether our sympathies are for or against the allies, he advises us to keep it to ourselves, the score we will have to pay at the final reckoning being far too great for us to take sides now.

What is Truth?

England is said to regard the beginning of the submarine blockade as an indication that Germany is on the verge of defeat. Germany is certain the allies are on their last legs. An eminent neutral assures the London Times conditions are normal in Germany and it can hold out indefinitely. An equally eminent traveler reaches Copenhagen with the news that Germany must win by spring or starve. The question what is truth has been pending several hundred years, and still remains unanswered.—Kansas City Star.

No Need to Revise Tariff.

The prediction is heard quite frequently in the piece goods market that when the war in Europe is over there will be no trouble here as far as competition under the present tariff is concerned. From reports that reach here from England it is made perfectly clear that manufacturing costs in that country are rising. What these increases will amount to it would take a very far-seeing person, indeed, to determine.

Factors in the market who are posted on conditions abroad, however, do not hesitate to say that, to foot the tremendous war taxes being incurred by the conflict, wages will have to be sharply advanced. When the reconstruction period starts in Europe after the war there should be a very great demand for labor, which is taken as another ground for believing that manufacturing costs will be added to considerably.—New York Times.

Clearings Show Business Revival.

The bank clearings for the third week in February indicate clearly that the good ship American Business has "found herself" and that continued energy on the part of her officers and crew will send her straight to the port of Established Prosperity.

For the first time since the European war began this index of industrial and commercial activity shows larger than for the same week a year ago.—Chicago Herald.

Responsibility for the Evelyn's loss is now divided between an English officer and a German mine.—Philadelphia Record.

BAD COLD? FEEL HEADACHY, DULL AND STOPPED UP

Don't stay stuffed-up! Quit blowing and sniffling! A dose of "Papa's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens "clogged-up" nostrils and air passages; stops nasty discharge of nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Papa's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice and causes no inconvenience. Don't accept a substitute.

Society

A surprise party was given Wednesday evening at the home of Mrs. Anna Bowman, 39 Wilson street, in honor of her little niece, Ruth Corder, it being Ruth's eighth birthday anniversary. About 7:30 o'clock a number of little girls, all schoolmates of Ruth, gathered to enjoy the evening. The time was spent in playing games, singing, etc., after which all were seated around the table and served to a fine lunch of ice cream, cake, fruits, etc. About 10 o'clock the little girls all adjourned, after having spent the evening in a joyful manner, and wishing Ruth many more such happy birthday anniversaries.

On Tuesday evening Miss Florence Bowman was the charming hostess to a merry party consisting of Luthie Leaguers, members of the Christomathian Bible class and many friends at her home in North Sixth street. The Christomathian class presented Miss Bowman with a beautiful water set in remembrance of her faithful work in that organization. The evening was spent in music and guessing contests, the prize being awarded to Miss Bess Taafel. The event was carried out in the nature of a Washington party and at a late hour dainty refreshments were served.

Those present were: Misses Elizabeth Schick, Helen Winternantle, Mary Orr, Georgia Arbaugh, Mildred Meredith, Ruth Braden, Larle Swartz, Veda Barrett, Florence Hazlett, Katherine Forey, Mary Englander, Laura Shees, Inez Stasel, Eleanor Stasel, Hattie Hagerstrand, Freda Wagenheim, Edna Wagenheim, Miss Levitt, Mary Swingle, Florence Frank, Miss Pigg, Miss Hawke, Bertha Hopp, Mary Mikesell, Bess Taafel, Sue Taafel, Margaret Arbaugh, Lena Bowmen, Miss Bland, Mrs. James Brown, Mrs. Tyner, Mrs. Fundaberg, Mrs. Charles Kinney, Messrs. Walter Braden, Frank Schick, Frank Taafel, Miller, Taafel, Howard Gaub, Frank Wolverton, Emery Vance, Robert Schick and Charles Reck.

A number of friends and neighbors of Mr. and Mrs. B. F. Preston of Buckingham street, planned a pleasant and successful surprise for Mrs. Preston, Tuesday evening, it being her birthday anniversary. About 7:30 o'clock, a goodly number walked in unexpectedly and extended hearty greetings for the day so eventful in every one's life. It was an evening of music, vocal and instrumental, and a delicious luncheon was served.

Those present were: Mr. and Mrs. William Beabout, Mr. and Mrs. D. E.

Huntington, Mr. and Mrs. Fourth Inscho, Mr. and Mrs. Harry Inscho, Mr. and Mrs. Tom Preston, Mr. and Mrs. A. B. Painter, Mrs. Wm. Hickey, Mrs. Emmett Neeley, Mrs. Lydia Preston, Paul, Wayne and Fred Preston, Wm. Hickey, Jr., Donovan Neeley, Faye Neeley, Ethel Inscho, Helen Carrille and Mrs. Hendricks.

Wm. Beabout with his mind reading, and Harry Insch with his slight of hand performance made the evening entertainment complete. B. F. Preston took all back to boyhood days with "old time" songs. Mrs. Preston received several gifts to remind her of the day.

Miss Lathrop has been compelled to postpone her dancing classes on account of her illness at her home in Columbus. She will resume them however in a few weeks.

DOUBLE WEDDING.

Appointments in pink and white adorned the home of Mr. and Mrs. J. H. Ellis, 109 Pataskala street, on Wednesday evening, when their two granddaughters were married. Miss Mary Anna Ellis became the bride of Mr. Theophil Schleifer of this city, and Miss Bertha May Ellis was united in marriage to Mr. Ralph Walter Snootz of Granville.

The hour for the double wedding was at 8 o'clock, and the wedding march was played by Mrs. Frank Ashman of Coshocton. The bridal party was preceded by two flower girls, Lucille Ashman of Coshocton, and Angelina Glenn of Wilmington, O., who were clad in frocks of pink silk and each carried a lily in which was buried a ring. Both brides wore gowns of white satin with over drapes of silk net, while the gown of Miss Bertha Ellis was trimmed with lace, the bridal robe of Miss Mary Ellis was adorned with Rose Point lace. Both wore the full length veils, and carried bridal bouquets of pink roses and valley lilies.

The wedding took place in the living room, where a large bay window, filled with palms and ferns, formed an improvised altar, and the floor was strewn with rose petals and ferns. Rev. Don Tullis, pastor of the Second Presbyterian church, read the double service.

Following the wedding dinner was served, the appointments in the dining room being in pink and white. The bridal table seated 16 and was centered with a miniature bride and groom, while clusters of pink and white roses were used, and a canopy of silk was placed over the table and festoons extended to the corners. Candles canopied with pink and silver shades were used at each place, and hand-painted place cards in the chosen colors seated the guests.

Throughout the rooms baskets of pink tulips and narcissus tied with pink tulle were used and all the lights were shaded with pink. About seventy-five guests were present.

Mr. and Mrs. Smootz left for Granville, where they will make their home, the bridegroom being a stock buyer. Mrs. Smootz' suit was of grey. Mr. and Mrs. Schleifer left for a trip to Cleveland, the bride's traveling suit being of the new shade of sand. They will make their home at 109 Pataskala street, the groom being employed with the C. W. Miller company.

The following were the guests from out of the city: Mr. and Mrs. G. Appelman and Mr. Herman Appelman of Pittsburgh, Mrs. Alyva Ellis of Columbus, Mrs. M. J. Glenn of Wilmington, Harry Palmer of South Bend, Ind., and Mr. and Mrs. J. Friel of Mt. Vernon.

NEW DEPARTMENT AT MAZEY STORE IS OPENED TODAY

The W. H. Mazey company held a formal opening on Thursday afternoon of the new department which includes the sales room of the suit and cloak department.

The company recently leased the room formerly occupied by the Sachs tailoring company, and it has been connected by the means of a corridor with the main store. The room is handsomely equipped with mahogany cases, for the suits and coats and the floor is carpeted in green. The whole presented a pretty scene on Thursday afternoon, with baskets of flowers arranged in every available space and the Reynolds orchestra furnished a program during the afternoon.

The entire interior of the store has been rearranged and a much larger stock will be possible.

AN ODD FASHION FANCY.

By some odd fancy of fashion it is not considered smart taste to have any of the sash ribbon repeated on the neck or sleeves. The idea seems to be that there can be too much of a good thing, even when the latter is exquisite in fabric and design. Moreover, the one spot of splash of color on a dress of monotonous fabric is apt to be spoiled by the attempt to introduce it on other parts of the gown, as additional colors distract the eye.

FADS AND FANCIES.

The newest type of belt buckle is in the form of a sash fastener. It comes in the guise of a brooch, exaggerated in size but of fairy lightness. The ribbon of the latest girdle is first held in place by this pin, and then the ends are drawn through the ornamental part of the brooch, which is shaped like a buckle. Hollow ovals, squares and outlined oblongs again show the popularity of the symmetrical forms.

IF BILIOUS, SICK OR CONSTIPATED TAKE CASCARETS

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

Man To Man

CONFIDENCE is the cardinal virtue in business.

To those who have placed their funds in our care—whose confidence we have gained—we want to reciprocate. We want them to come to us with their business problems that we may suggest, if possible, a helpful change or improvement in our relations.

Man to man—we want to meet them, know them and give them the benefit of a broader and better banking service.

Notice is hereby given that sealed bids will be received at the office of the Board of Education of the Etna Rural School District of Etna township, Licking county, Ohio, at Etna, Licking county, Ohio, until twelve o'clock noon, March 25, 1915, for the purchase of one thousand two hundred and fifty (250) dollar bonds and thirty (30) five-hundred dollar bonds, of the Etna Rural School District of Etna township, Licking county, Ohio, dated April 1, 1915, and maturing April 1, 1931, to seven (7) inclusive, respectively, on the first day of April, 1917, and the residue of said bonds, numbered from eight (8) to one-hundred and five (105), inclusive, seven (7) days after the date of maturity, on the first day of April in each of the years 1918 to 1931 inclusive. Said bonds are of the denomination of two-hundred (\$200.00) and five-hundred (\$500.00) dollars each, and numbered consecutively from one (1) to one hundred and five (105), inclusive, and bear interest at the rate of six per cent per annum, interest payable semi-annually at the first place of business of the Kirkerville Savings Bank Company, Kirkerville, Ohio. Said bonds are issued for the purpose of purchasing a location and building a new school building for the said district, and the amount so purposed by the authority conferred upon the said Board by Sections 7620, 7625, and 7626 of the General Code of Ohio, and in pursuance of a resolution of the Board of Education of the Etna Rural School District of Etna township, Licking county, Ohio, duly passed at a regular meeting of said Board on December 7, 1914, by a greater vote than two-thirds, bonds being issued. Said bonds are to be sold to the highest bidder for not less than par and accrued interest. All bids must state the number bid, and the gross amount of the bid, and must be accompanied by a sum of cash payable to the clerk of said Board of Education for six-hundred (\$600.00) dollars upon the condition that if such bid is accepted, the bidder will receive an order for which bonds may be issued, as above set forth, within ten days after date of award. Said check to be retained by said Board of Education. If the said conditions are not fulfilled, the bidder may be sued, and awarded "Bids for School Bonds," addressed to the clerk of said board. The right is hereby reserved by the said board to reject any and all bids.

COLDS AFFECTS THE KIDNEYS.

Many Newark People Have Found This to be True.

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help.

Doan's Kidney Pills are especially prepared for weakened kidneys.

Newark people recommend them.

Mrs. J. M. Conrad, 181 E. Main St., Newark, says: "It might have been a cold which settled on my kidneys that caused my kidney trouble. I had dull pains across my back and was weak and ailing all over. I took Doan's Kidney Pills and one box cured me of the backache and put me in good health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Conrad had. Foster-Millburn Co., P. O. Box, Buffalo, N. Y.

ITCHING ECZEMA COVERED ENTIRE BODY, RESINOL CURED

COULD NOT SLEEP. RESINOL HAD FAILED. RESINOL STOPPED ITCHING IMMEDIATELY.

BOSTON, Mass., Aug. 11, 1914.—My entire body, even my eyelids, was completely covered with blisters as large as a pea. When one would burst water would come from it, and then it would turn into a very painful sore. The burning and itching were something terrible, and I COULD NOT SLEEP nor rest. I think I had one of the worst cases of eczema a human being ever had.

I used eight different kinds of remedies without success. I then tried Resinol Ointment and Resinol Soap and it stopped the itching IMMEDIATELY. I gradually noticed a change for the better. Now I am entirely cured, and am without a pimple or blemish on any part of my body.

(Signed) Edward F. McCallough, 249 River St., Mattapan. Resinol Ointment and Resinol Soap heal skin eruptions, clear away pimples and form a most valuable household treatment for sores, burns, etc., sold by all druggists.

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with $\frac{1}{2}$ pint of warm water, stirred for 2 minutes, gives you a good syrup as money can buy.

The Quality Goes In
before the Name Goes On"HOME GARDENING
SUGGESTIONS BY
ADVOCATE'S EXPERT

(Written for The Advocate.) These are among the most useful and valuable of all the fruits your garden can grow. The intercellular structure of the currant makes it "jam" and "jelly" exceedingly well. Gooseberries, canned for use in puddings and pies, will add both zest and variety to your menu the whole year round. The human being seems to thrive best when getting its full daily ration with just this sort of trimmings. The bushes will last many years with proper pruning and spraying. Currants will yield more per acre than any other fruit, even more than apples, peaches, or grapes. The berries of both fruits will hang on the bushes for days and even weeks, while most of the other fruits must be picked as soon as matured. Do not think that you cannot grow these fruits successfully because of worms etc. Blight and mildew and damage by worms can be prevented almost absolutely by an easy course of spraying with Bordeaux mixture, or lime-sulfur, combined with arsenate of lead. The right treatment is always effective. Gooseberry bushes may be rendered partially immune from blight by opening them up and giving them enough, but not too much, of sun and air.

Both fruits prefer moist clay soils to drier sandy soils. But no matter what the soil is, you can grow them successfully if you will put plenty of vegetable matter into the ground and keep plenty of moisture present. Under your apple or pear trees is a good place for the bushes, especially the gooseberry bushes, and in fact the shade will not hurt the currants. It would be a good idea to plan in the beginning for some easy means of watering or irrigating the bushes regularly.

If your garden contains about one-eighth of an acre it ought to have about four gooseberry plants. These will give you about sixteen quarts of fruit. Four currant bushes ought to be set out also. From these you will probably get about thirty quarts each year. For a half-acre garden use five times, and for a full acre garden use ten times, as many plants as the above. It is not at all hard to dispose of from 100 to 200 quarts of fresh gooseberries and currants in the different methods of putting them up and preparing them for the table.

Plant gooseberries very early in the spring for the buds will come out before the grass in your lawn shows green. Both the gooseberry and the current should be planted before any growth has a chance to take place in the spring. The plants should be ordered yet this month and planted as soon as possible. Manure the land well before planting and plow it under well. If this is not done a little food should be supplied to the plants in the shape of some sulfate of potash, ground or dissolved bone, and cotton seed meal or nitrate of soda. All the commercial fertilizer that even an acre garden would need will not seriously damage your bank account. Get your plants from reliable nurseries. They will cost from \$0.50 to \$2.00 each depending upon how many you buy and from whom you buy them. It generally pays to buy good sturdy plants even though you pay slightly more for them.

Cultivate the bushes with shallow but thorough cultivation from April till August, going between the bushes about once every ten days and after each rain to keep up a continuous dust mulch for the best results. Fair results may be obtained even though the cultivation is limited to but one each season. In August mulch them heavily with leaves, straw or hay leaving this mulch on till you start cultivating the following April. This mulch is more important than the average person ever thinks it is.

Plant in rows about six feet between the rows and have the plants about four feet apart in each row. The white varieties of currants are generally the sweetest. The

The Venice of Borneo.

Brunei, Borneo, is one of the strongest cities in the world. Once the headquarters of the Borneo pirates, it is a kind of eastern Venice, being built entirely over the water. This remarkable city is the capital of the state of Brunei, Borneo. All the houses are built over the Limbang river, constructed on slender piles made from the Nibong palm, a wood that resists the action of water for many years. The inhabitants of Brunei are Malays, Kadayans, Orang-Buskit and a few Muruts. They earn their living mostly by trading with other tribes in the interior of Sarawak and British North Borneo. Some of them are very skillful brass workers, and the Brunei women make beautiful cloth, interwoven and embroidered with gold thread. Sago is grown in the valleys near by, and a small quantity of rice is also raised. In the early part of the nineteenth century Brunei was the rendezvous of the dread Borneo pirates and a market for the slave trade.—Wide World Magazine.

Returns from Columbus.

Mr. F. D. Hall, the well known pharmacist, returned on Thursday from Columbus, where he has been for two days attending the State Rexall meeting. The Ohio meeting showed the largest percentage in attendance of any state holding Rexall meetings, and this year's meet was the largest ever held by the state. The meetings were held at the Virginia Hotel.

A Novel Sign.

The theory that anything in motion attracts the eye more quickly than a stationary object, is proven by the movable sign which is attached to the door of the U. O. Stevens store in the Arcade. The sign itself is attractive and when the door opens it moves, attracting the attention of the prospective customer. It tells the customer that the stock in the store is fresh.

Experimental Farming.

Messrs. Wm. Gallagher and Lawrence Schaller, operators at the Gem theatre, in addition to their duties at that popular playhouse have decided to follow agricultural pursuits and the raising of fancy poultry and have rented a small

farm south of the city for the purpose. They will rig up a number of electrical devices for the chicken houses and incubators and after their hot houses are wired and a generator and motor installed they expect to have the first spring vegetables of the season on the market.

FLASH

OF BLUE FLAME WAS SEEN FROM A TORPEDO HEAD, OR MINE

And in 20 Minutes a Small English Steamer Was Sunk--One of Crew Lost.

(ASSOCIATED PRESS TELEGRAM)
London, Feb. 25.—One sailor lost his life when the small British steamer Deptford, 280 feet long and 1,208 tons, was sent to the bottom in 20 minutes, either by a German torpedo or by coming in contact with a mine in the North Sea at 3 o'clock yesterday morning at a point of Scarborough. The fifteen other members of the steamer's crew were saved and were landed at South Shields at an early hour this morning.

The engineer of the Deptford says he was on duty in the stockhold at the time the explosion in the torpedo head or in the mine, rent the Deptford in twain. He says he saw a flash of blue flames shoot up from threw him down violently and stunned him.

CAUCUS WAS LONGER THAN THE MEETING

Wednesday night's special meeting of city council was strictly a Republican affair. Councilman Baker being absent and incidentally the caucus which preceded the meeting lasted much longer than the meeting itself. This fact is not so strange in view of the action taken in open meeting when Councilman Seward stated that the question of legality of the resolution calling for the special election, having been raised, that the meeting had been called to consider that phase of the question.

He asked City Solicitor Norpell to tell council the result of his investigation of the law governing the calling of special elections.

City Solicitor Norpell stated that the resolution was drawn in legal form.

Councilman Adams moved adjournment and the meeting was over.

Newark Party Rid of Kidney Pains

Uses Wonderful New Remedy With Most Remarkable Success.

Mrs. H. J. Johns of 221 West Main St., Newark, Ohio, says:

"A member of my family was troubled continually with sharp shooting pains across the small of the back and his kidneys were in a very congested condition. At night it was impossible for him to control the kidney secretions. It was necessary for him to get up several times each night. For this trouble we got a box of Lloyd's Kidney & Rheumatism Tablets. This new scientific prescription gave relief almost from the first. I am glad to recommend Lloyd's as I know how much they helped one of my family who suffered terribly."

FRANK CASE IS ARGUED IN THE SUPREME COURT

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 25.—The fate of Leo M. Frank, under death sentence for the murder of Mary Phagan, the Atlanta, Ga., factory girl, depends upon the outcome of oral argument of his habeas corpus case, which was to begin late today before the supreme court.

Attorneys in Frank's behalf were ready to argue to the court that he should be released on a habeas corpus writ on the ground that mob violence and his absence from the trial court when the jury's verdict of guilty was returned deprived the court of jurisdiction over him.

Representatives of the state of Georgia were to argue that he had ample opportunity to raise the point of alleged mob violence and that he had not done so in due time. They also had prepared to argue that waiver by Frank's former attorney of his right to be present when the jury returned its verdict was binding on him.

TWO PASSENGERS MADE UP LIST OF ATLANTIC LINER

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 25.—The Minnehaha, of the Atlantic Transport line which sailed yesterday for London, carried only two passengers, Ernest Plant and Reginald Matthews, who planned to join the British army. The Minnehaha carried more than 10,000 tons of freight mostly food for the British Isles.

The steamship Frederick VIII, sailing today for Bergen, has paintings of the Danish flag on her sides, illuminated with electric lights. A large Danish flag will fly at the masthead at night and will be made conspicuous by the beams of a powerful searchlight.

TOBACCO BUYERS REFUSED CONVOY BY DEPARTMENT

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 25.—A committee of tobacco manufacturers, who usually go to Amsterdam every spring to buy at auction their supplies of Sumatra tobacco for six months, recently sent a letter to the department of state, telling of their tears to travel through the war zone and intimating that they would be glad if the authorities would send a battleship to convoy the vessel on which most of them would sail for Holland.

An answer from Counselor Lansing, of the state department made public today by the leaf tobacco board of trade:

"You are informed that the department must for the present, in view of the disturbed condition of affairs in Europe, leave it to each person contemplating a visit there to decide for himself whether or not it would be wiser to postpone his visit until affairs therein shall have resumed their normal state."

As they pay import duties of almost \$10,000,000, the manufacturers, it is stated, expected a different reply to their request for a convoy.

UNIFORMS

OF BRITISH SOLDIERS SEEN FLOATING IN NORTH SEA WRECKAGE

Led to Belief that English Transport had Been Sunk—London Denies Report.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Feb. 25.—By wireless to London—According to despatches reaching Berlin from ports on the North Sea, the Norwegian steamer Orla, when coming through the English channel, recently, sighted a quantity of floating wreckage in which were to be seen British military uniforms. It was supposed that this military clothing was from some British transport which had been sunk to the bottom.

The American consul at Bremerhaven is taking the deposition of the master of the Evelyn whose statement will define responsibility for the Evelyn being off the course described as safe by the German admiral.

The German announcement that a British troop transport had been sunk by a submarine has not been borne out from London, where it has been said that this report doubtless referred to the torpedoing of the British steamer Branksome Chine which was attacked the afternoon of Feb. 23, in the English channel at a point south of Beachy Head.
